## Les Fenêtres by Guillaume Apollinaire

Du rouge au vert tout le jaune se meurt  
Quand chantent les aras dans les forêt natales  
Abatis de pihis  
Il y a un poème à faire sur l'oiseau qui n'a qu'une aile  
Nous l'enverrons en message téléphonique  
Traumatisme géant  
Il fait couler les yeux  
Voilà une jolie jeune fille parmi les jeunes Turinaises  
Le pauvre jeune homme se mouchoit dans sa cravate blanche  
Tu soulèveras le rideau  
Et maintenant voilà que s'ouvre la fenêtre  
Araignées quand les mains tissaient la lumière  
Beauté pâleur insondables violets  
Nous tenterons en vain de prendre du repos  
On commencera à minuit  
Quand on a le temps on a la liberté  
Bigorneaux Lottes multiples Soleils et l'Oursin du couchant  
Une vieille paire de chaussures jaunes devant la fenêtre  
Tours  
Les tours ce sont les rues  
Puits  
Puits ce sont les places  
Puits  
Arbres creux qui abritent les Câpresses vagabondes  
Les Chabins chantent des airs à mourir  
Aux Chabines marronnes  
Et l'oie oua-oua trompette au nord  
Où les chasseurs de ratons  
Raclent les pelleteries  
Étincelant diamant  
Vancouver  
Où le train blanc de neige et de feux nocturnes fuit l'hiver  
O Paris  
Du rouge au vert tout le jaune se meurt  
Paris Vancouver Hyères Maintenon New-York et les Antilles  
La fenêtre s'ouvre comme une orange  
Le beau fruit de la lumière
